The Right Kind of EDUCATION PAYS!

If you want your child educated send him to a Teacher; if you send him to school to get rid of him or because it is customary, then send him to a Header or Recitation. There is a vast difference between teachers and recitation hearers. A teacher stimulates his pupils and encourages them to learn for the sake of the power it gives them; the time-serving recitation-hearer encourages his pupils to neumorize their lessons in order that they may recite well and get a good mark. Which will you choose for your loy and your girl? If the former, then patronize the

One year's work has shown us the defects of the old plan that has been followed in the past, and it has enabled us to prepare a graded course of study, extending from the primary to the high school. Of course this will require more help, and the Board of Trustees has given me an

INCREASED NUMBER OF TEACHERS.

If you want your child to have a first-class General Education let him take our Regular Common and High School. Courses, consisting of, in addition to the Common School Branches, which include Physiology and Civil Government, Algebra, Geometry, Trigonometry and Surveying, with Field Practice German, Latin and higher English; Geology, Botany, Physics, Physical Geography and Chemistry, What school presents a better course? And remember we have over \$1.50 worth of Apparatus and \$3.400 worth of Engineering Instruments, all of which are used in our regular Course without extra charge. charge.

TERMS FOR TUITION :

The Regular Course, at present, contemplates two years beyond the common school branches, but it is confidently believed the course will be extended two more years in 1890. If you do not care to take the Regular Course, or if you want se
